PS3000HD POWERED by HONDA™

POWERFUL GX200 6.5HP HONDA OHV ENGINE 3000PSI, 11L/MIN PRESSURE WASHER

The PS3000HD takes you to the next level, with the Honda GX200 Premier Series Commercial Grade Engine. The Honda Premier GX200 is especially optimised to provide the maximum performance levels for the unique power demands of industrial pressure washing. Couple the best industrial engine with the ultimate in high pressure cleaning pumps, the brass head CAT unit, and the PS3000HD is the perfect match for your serious cleaning requirements. The heavy-duty stainless steel frame provides a super durable solution. Includes large 10" pneumatic wheels for ease of passage over any site.

- Premier series Honda GX200 OHV industrial engine
- Industrial cat pump with brass pump head
- Heavy-duty, durable stainless steel frame with 10" pneumatic wheels for superb portability
- 15m x 3/8" Super Duty abrasion resistant steel braided 'Monster Hose'
- 5 x Quick Connect nozzles including detergent nozzle
- Convenient on board accessory storage.

The accessories are also specified to the highest standards, with the super tough 15m 'Monster Hose' giving superb reach and precision performance across all varieties of cleaning tasks.

Detergent application is very simple with the PS3000HD, simply clip in the quick release nozzle, insert the built in detergent pickup into your Powershot detergent and you are set to go.
